

The Delo® Performance Advantage™ Is Yours!

Transportation Professionals who need to deliver in the face of today's uncertainties require assurances that the products they use will work as hard as they do. The Delo Performance Advantage gives you the lubrication technology that your fleet needs to withstand even the most rigorous driving or working conditions. You can have complete confidence, knowing that Delo provides only superior quality products that meet the lubrication and coolant needs of your fleet.

That includes all of your needs for:

1. Newer equipment and rigorous driving conditions
2. The roughest operating conditions
3. Modern low emission heavy-duty diesel engines as well as older models

Every Delo product stands up to the same high standards that earned the reputation for excellence that Delo enjoys worldwide.
